**NEW QUESTION: 1**

Which of the following best completes the passage below?

"Government" does not exist as an independent entity defining policy. Instead there exists a group of democratically elected pragmatists sensitive to the electorate, who establish policies that will result in their own reelection. Therefore, if public policy is hostile to, say, environmental concerns, it is not because of governmental perversity but because elected officials believe that \_\_\_\_\_

- A. the public is overly anxious about environmental deterioration
- B. environmentalists would be extremely difficult to satisfy with any policy, however environmentally sound
- C. the majority of voters do not strongly wish for a different policy
- D. environmental concerns are being accommodated as well as public funds permit
- E. the majority of voters vote for certain politicians because of those politicians' idiosyncratic positions on policy issues
