#### **NEW QUESTION: 1**

Choose the two options that need to be enabled for Journal Approval.

- A. Ledger level
- B. Account
- C. Batch level
- D. Journal Source

**Answer: A,D**

Explanation:

The ledger is included in the rules because you typically define approval rules per ledger. Set the options that enable journal approval at the ledger level and by journal source. This allows the approval process to determine which journals to send for approval.
