NEW QUESTION: 1

Based on the exhibited output, which three statements are true? (Choose three.)

- A. The router at 10.1.1.2 is configured with the ip default-network 0.0.0.0 command.
- B. The route to 10.2.0.0/16 was redistributed into EIGRP.
- C. R1 is configured with the variance command.
- D. R1 is configured with the ip summary-address command.
- E. A default route has been redistributed into the EIGRP autonomous system.
- F. R1 is sourcing an external EIGRP route from Null0.

Answer: C,D,E

Explanation:

Explanation From the routing table above, we see that network 172.16.1. can be reached via 2 unequal paths (with FD of 23072000 & 20640000) so surely R1 has been configured with the "variance" command By configuring a default route and redistribute it into EIGRP you will get the line "D *EX 0.0.0.0/0 ..." line in the routing table of that router From the line "10.2.0.0/16 is a summary, 00:16:18, Null0 we know that this network has been summarized with the "ip summaray-address" command (notice that 10.2.0.0 is not the major network of net

NEW QUESTION: 3

:When using Spanning Tree Protocol, ExtremeWare permits VLANs in different STPDs to share the same port when tagged.

A. True

B. False

Answer: B

NEW QUESTION: 4

Please wait while the virtual machine loads. Once loaded, you may proceed to the lab section. This may take a few minutes, and the wait time will not be deducted from your overall test time.

When the Next button is available, click it to access the lab section. In this section, you will perform a set of tasks in a live environment. While most functionality will be available to you as it would be in a live environment, some functionality (e.g., copy and paste, ability to navigate to external websites) will not be possible by design.

Scoring is based on the outcome of performing the tasks stated in the lab. In other words, it doesn't matter how you accomplish the task, if you successfully perform it, you will earn credit for that task.

Labs are not timed separately, and this exam may more than one lab that you must complete. You can use as much time as you would like to complete each lab. But, you should manage your time appropriately to ensure that you are able to complete the lab(s) and all other sections of the exam in the time provided. Please note that once you submit your work by clicking the Next button within a lab, you will NOT be able to return to the lab. Username and password

Use the following login credentials as needed:

To enter your username, place your cursor in the Sign in box and click on the username below.

To enter your password, place your cursor in the Enter password box and click on the password below.

You need to ensure that an external compliance manager named [\[email#160;protected\]](#) receives a copy of all the email messages sent from your organization to external recipients. To complete this task, sign in to the Microsoft 365 admin center.

Answer:

Explanation:

See explanation below

Explanation

As the compliance manager is an 'external' email address, the first step is to create a contact for that user. If a contact with the email address [\[email#160;protected\]](#) already exists, you can skip this step.

Then you can configure a Mail Flow rule to BCC external emails to the compliance manager.

1. Go to the Exchange Admin Center.
2. Click Recipients in the left navigation pane.
3. Click Contacts.
4. Click the plus (+) sign and select 'Mail Contact' to add a new contact.
5. Enter Compliance Manager in the Display Name field.
6. Enter a name such as compliance.manager in the Alias field.
7. Enter the email address [\[email#160;protected\]](#) in the external address field.
8. Click Save to create the contact.

The next step is to create the mail flow rule.

1. In the Exchange Admin Center, click Mail Flow in the left navigation pane.
2. Under 'Rules', click the plus (+) sign and select 'Create new rule'.
3. Give the rule a name such as 'Compliance Manager External Email BCC'.
4. In the "Apply this rule if" drop-down list, select 'The recipient is located...'.
5. Select 'Outside the organization' and click OK.
6. In the 'Do the following' drop-down list, select 'BCC the message to...'
7. Select Compliance Manager and click Add then click OK.
8. Click Save to save the new mail flow rule.
