- B. IPSEC VPN
- C. Third party VPN service
- D. L2 VPN

Answer: D

Sales Data

Litware has online sales data that has the SQL schema shown in the following table.

In the Date table, the dateid column has a format of yyyyymmdd and the month column has a format of yyyyymm. The week column in the Date table and the weekid column in the Weekly_Returns table have a format of yyyyww. The regionid column can be managed by only one sales manager.

Data Concerns

You are concerned with the quality and completeness of the sales data. You plan to verify the sales data for negative sales amounts.

Reporting Requirements

Litware identifies the following technical requirements:

- * Executives require a visual that shows sales by region.
- * Regional managers require a visual to analyze weekly sales and returns.
- * Sales managers must be able to see the sales data of their respective region only.
- * The sales managers require a visual to analyze sales performance versus sales targets.
- * The sales department requires reports that contain the number of sales transactions.
- * Users must be able to see the month in reports as shown in the following example: Feb 2020.
- * The customer service department requires a visual that can be filtered by both sales month and ship month independently.
